

Pi Model B+ / Pi 2 / Pi 3 – Case Base and Faceplate Pack – Clear – for 2.8" PiTFT

PRODUCT ID: 3062

Description

Complete your Pi setup with our custom designed faceplate specifically designed to fit your 2.8" PiTFT and Adafruit Pi B+ / Pi 2 / Pi 3 case base! This **Clear Case Base and Faceplate and Buttons Combo Pack** is a simple way to enclose your 2.8" PiTFT and Pi safely and in style. The faceplate replaces the normal 'top' of an Adafruit Pi case, with a sleek black bezel and button pads.

This pack works with the Raspberry Pi Model B+ / Pi 2 / Pi 3, and 2.8" **PiTFT Plus** only! It will fit both the [Resistive](#) and the [Capacitive](#) screens. [We also have a PiTFT Faceplate and Buttons Pack for the Raspberry Pi A+ and 2.4" PiTFT](#) if you would like to make an even more adorable setup.

Please note: PiTFT and Raspberry Pi are not included – this is the **Case Base, Faceplate and Buttons only**. This is compatible with the [Pi 3 Model B](#), [Pi 2 Model B](#), and [Model B+](#) and only our 2.8" PiTFT Plus's – both [resistive](#) and [capacitive](#).
